

SITE SPECIFIC INDUCTION

CLIENT: QANTAS AIRWAYS LIMITED

LOCATION/S:

HANGAR 245 271 191 131 96

HANGAR DOOR TROLLEY REPLACEMENTS

Items covered in this induction:

-
- Description of the major activities;
 - A description of major hazards and their controls for the Site and Activities;
 - Proline's commitment to and implementation of the safety, quality, environmental and community requirements of the Contract and all relevant Law;
 - Zero Tolerance (Safety);
 - Emergency and evacuation plans;
 - How to obtain first aid and who is the first aid officer;
 - Safety Reporting, near miss and hazardous reporting;
 - Fatigue management;
 - Safe Work Method Statement Requirements;
 - Drug and alcohol policy on Site;
 - Personal protective equipment (including its use, maintenance and replacement).
 - Attendance of Pre Work Safety Briefings, Toolbox Talks & Weekly Safety Observations;
 - Communication and consultation processes;
 - Issue resolution processes;
 - Site security procedures;
 - Management of Community Enquiries or complaints, including media enquiries;
 - Site Safety Rules, amenities, housekeeping, access & egress to the site, parking;
 - any other issues relevant to the Site

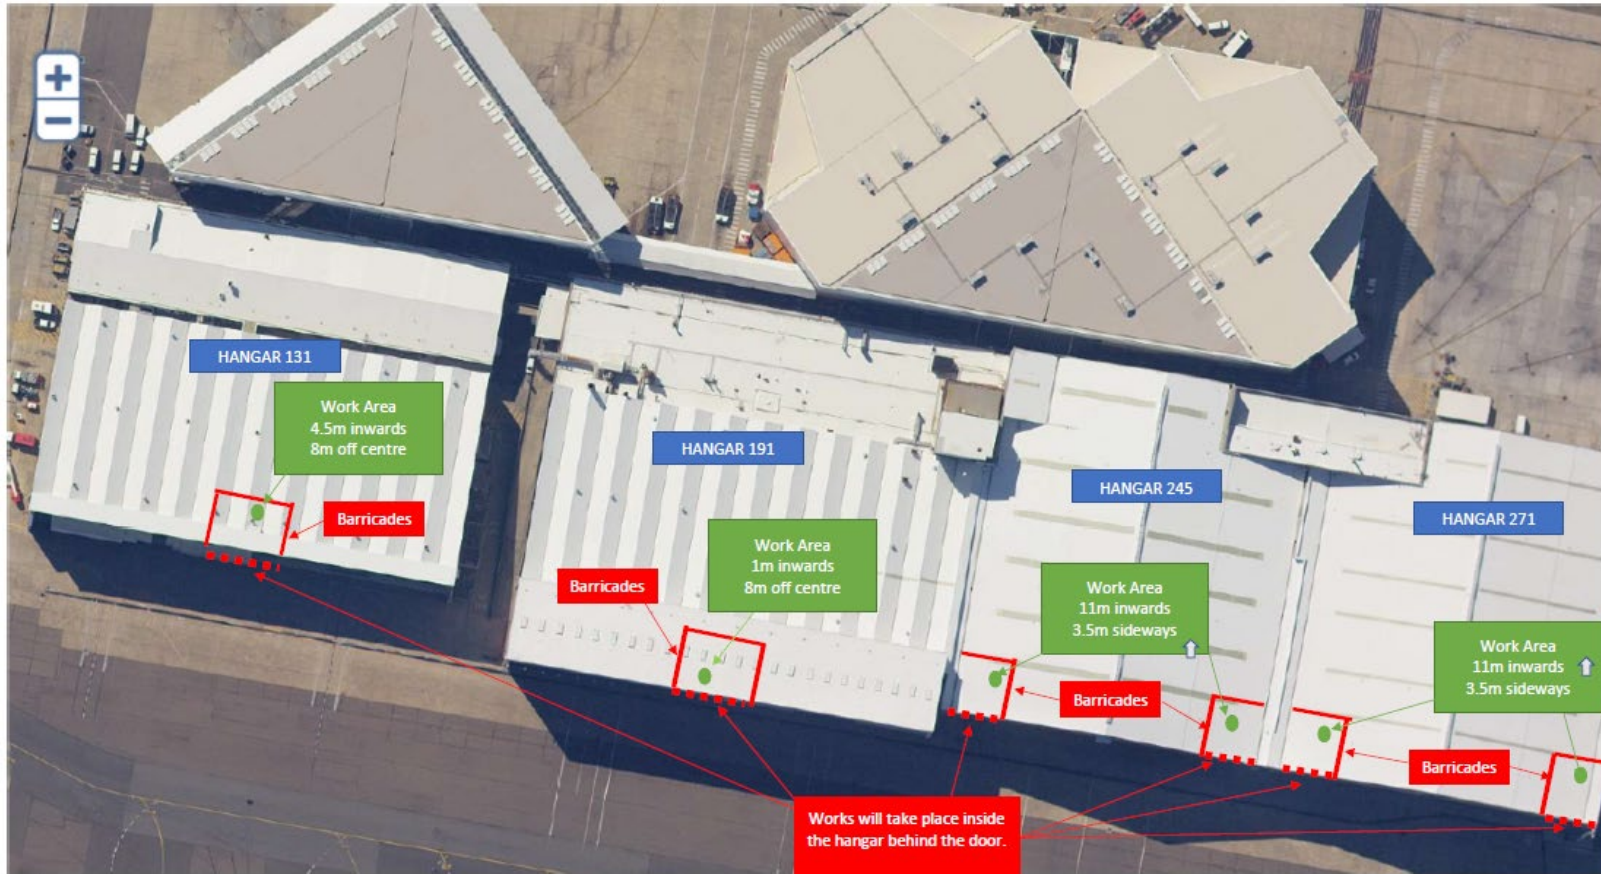

The Works:

Proline Building Commercial Pty Ltd has been contracted undertake:

Works Include:

Removal and replacement of the hangar door trolleys

The Work Zone:

Construction Methodology

Removal and replacement of the door trolley's will be carried out off the specifically designed maintenance catwalks already constructed within the Hangars roof space. The Hangar door will be secured into place with chains and clamps during the works. The trolleys are accessed from behind the doors so during the replacement all personnel and access equipment will be staged behind the door and the doors will act as the external barricade to the work site. Materials will be lifted up to the catwalk / work area via boom/scissor lifts and internal winch. WAH procedures will be in place, along with internal barricades to prevent Hangar personnel from entering the workzone/s. Only one trolley will be replaced at any one time.

Notes: - No external works - No crane permits required - no external lifts - No external storage compounds required- Replacement of the trolleys is required in order to maintain useability. Deliveries to be carried out via internal roads directly into Hangars, escorts will not be required.

The Site Setup

AMENITIES

- Site Office Location – located with construction utes.
- Location of Site Documentation
 - Where the daily Pre Work Briefing is held
 - Where Pre Work Briefings / Toolboxes and SWMS review are held
 - Location of the First Aid / Spill Kit / Fire Extinguishers etc
- Toilets – Existing hangar amenities
- Change Room = Existing hangar amenities
- LUNCH ROOM – Existing hangar amenities
- Storage Areas as per Proline Supervisors instructions

ENTERING / EXITING THE SITE

WHAT TO DO WHEN ENTERING THE SITE.....

YOU MUST SIGN IN – AT THE SITE OFFICE ON A SHIFT/DAILY BASIS

YOU MUST SIGN IN ON THE VISITORS LOG ON A DAILY/SHIFT BASIS

YOU MUST ATTEND THE DAILY PRE WORK BRIEFING

YOU MUST INSPECT THE WORK AREA TO ENSURE NO NEW HAZARDS HAVE ARISEN FROM THE DAY BEFORE.

YOU MUST REVIEW YOUR SAFE WORK METHOD STATEMENT, TO VERIFY IF IT REMAINS TRUE & CORRECT AND THAT NEW HAZARDS HAVE BEEN IDENTIFIED & CONTROLS IMPLEMENTED. (Reviews must be documented on the SWMS).

WHAT TO DO WHEN LEAVING THE SITE.....

YOU MUST CLEAN UP YOUR WORK AREA – FREE FROM ANY RUBBISH & DUST

- **YOU MUST PACK AWAY TOOLS & EQUIPMENT AND ENSURE ARE CONTAINED IN A LOCKABLE / SECURE SITE BOX WITHIN A STORAGE OR HOARDED AREA & ENSURE PLANT IS LEFT SECURE**
- **YOU MUST STOCKPILE ANY MATERIALS IN A SAFE MANNER AS DIRECTED BY Proline Supervisor**

YOU MUST SIGN OUT ON THE VISITORS LOG ON A DAILY/SHIFT BASIS

Site Security

ENTRY / EXIT GATES/DOORS TO COMPOUNDS

- Must remain closed at all times – unless manned during deliveries only / by arrangement only

BARRICADES / HOARDINGS / TEMP FENCES

- You must report any damage or areas of unsecure Hoardings to the Proline Supervisor **immediately for rectification**
- You must not move the Hoardings/fences unless an emergency situation and directed to do so by the Proline Supervisor
- You must not damage or interfere with any service / signage etc attached to any hoardings

MAJOR TRADES / WORKS TO BE CARRIED OUT ON THIS SITE:

ELECTRICAL ISOLATION

STRUCTURAL STEEL DOOR
TROLLEY REPLACEMENTS

STOP WORK PROCEDURE

Unidentified or
Suspected Hazardous
Substance – **ASBESTOS**
/ UNKNOWN ITEM

STOP WORK – NOTIFY /
REPORT IMMEDIATELY
TO SITE SUPERVISOR

DO NOT COMMENCE
WORK UNTIL NOTIFIED
BY PROJECT MANAGER

Proline Policies

WHS POLICY

Proline Building Commercial Pty Ltd “Proline” commitment towards the Health, Safety and Welfare of it’s employees is of paramount importance within its operations. The company recognises and accepts its responsibility towards ensuring the Health, Safety and Welfare of all our employee’s.

Resources commensurate with the company’s emphasis towards Work Health & Safety have been made available to provide and maintain for the physical and psychological well being of Proline’s employees, contractors, suppliers, clients, relevant stakeholders and the general public.

The Management will demonstrate through policy development that risk management of hazards associated with work practices undertaken by employees, sub-contractors and any hazards which may affect clients and/or visitors, in order to eliminate or minimise the risk of adverse health and safety effects to personnel, property and the environment arising from exposure to hazards in the workplace and health/safety receives priority attention on a continual basis and complies with the relevant WHS workplace injury management and workers compensation legislation & regulations.

To achieve these goals, the company will maintain the WHS Management System in accordance with ISO 45001 which will be applied to the processes we follow in order to provide products and services to our customers.

Managers, Supervisors and Forepersons will be responsible for the implementation and promulgation of all matters dealing with the health and safety and other relevant information of employee’s under their control.

All employees will be expected to demonstrate a willingness to embrace the concept of safe work practices and a safe working environment is achieved. Employees will be required to work in a healthy and safe manner whilst discouraging others from working in an unsafe manner.

Education / training of all employees on Health and Safety issues is considered to be a natural course of employment and all employees will be encouraged to embrace this concept.

Proline strongly endorses the implementation of Health and Safety Committees/Representatives on-site and fully expects these bodies to be a major influence in the prevention of occupational illness and injury through the process of joint consultation.

Proline has set WHS objectives which are reviewed annually, which reflect our commitment to continual improvement in health and safety performance and the Safety System.

This policy is but an outline of the commitment which this company places upon Work Health and Safety within the workplace, but this commitment from all concerned is necessary if the Health and Safety of all is to be achieved and maintained.

Proline Policies

ENVIRONMENTAL POLICY

Proline's commitment towards the environment is paramount. We continue to observe, monitor and maintain our system to comply with the regulations of the Environmental Protection Authority and all other relevant bodies. Proline Building believes in the necessity of maintaining a healthy and safe environment and protecting the environment is important to us. We have a duty to each other and the community to ensure we manage our activities in an environmentally responsible manner. The co-operation and dedication from all Proline employees is vital to achieving our environmental commitments. With the support of all Proline Senior Management, employees and sub-contractors, we are dedicated to:

Protecting the environment and the prevention of pollution through all phases of our operations;

Creating an environmentally aware culture within our clients, employees and sub-contractors through education, where responsibility is assigned and understood;

To ensure compliance with relevant [statutory environmental](#) requirements and work in a manner that allows us to meet our general environmental duty;

- Ongoing implementation of the Environmental Management Program to achieve Proline's environmental targets and objectives;
- Ensure that the system is operational, effective and meeting the requirements, including legal and other requirements;
- Ensure the public has access to this Environmental Policy when required.

Proline Policies

ALCOHOL & DRUGS POLICY

Proline Building Commercial Pty Ltd “Proline” commitment towards the Health, Safety and Welfare of it’s employees is of extreme importance within its operations. As such Proline will not tolerate any alcohol or drug use which could endanger the health and safety of staff, employees, subcontractors, clients or visitors.

It is Proline’s belief that the use of illegal drugs and the misuse of other prescribed substances, on or off the worksite is not acceptable, where the abuse could affect or impair their workplace performance. Any employee or subcontractor, who is in a condition that impairs their ability to perform their duties, endangers the safety of themselves, their co-workers, visitors, the public or risks property or equipment damage and will not be permitted to continue working or to remain in the workplace.

To this end, Proline will ensure that all employees, Proline Supervisors, management and subcontractors will be educated on:

Proline’s Alcohol and Drug Policy;
The danger of abusing drugs and alcohol in the workplace;
The medical treatment available for persons who seek treatment and counseling;
The action Proline will take when employees violate the Alcohol and Drug Policy.

Employees and subcontractors have the basic right to work in an environment that is free of alcohol and drugs, and to be able to rely on the fact that their co-workers are not impaired by substance abuse. In the interest of maintaining a health and safe workplace that is free of alcohol and drugs, Proline is committed to enforcing this Alcohol and Drugs Policy and will seek to support any individual employee by identifying appropriate treatment avenues, counseling and other referrals related to drug dependency. This policy is but an outline of the commitment which this company places upon Work Health and Safety within the workplace.

Proline Policies

QUALITY POLICY

Proline Building Commercial Pty Ltd is committed to a Quality Assurance Policy and the implementation of a Management System, which will allow us to maximise our efficiency and productivity to meet the company's goals and objectives of customer satisfaction, employee satisfaction and profitability.

To achieve these goals, the company will maintain a Management System in accordance with AS/NZS ISO 9001 which will be applied to the processes we follow in order to provide products and services to our customers.

This Management System is the assurance to our customers that Proline Building Commercial Pty Ltd will conduct our business with due regard to contractual, legal and regulatory requirements, providing services that consistently meet the needs and expectations of our customers.

We believe that the provision of quality based products and services will provide the cornerstone for future competitive advantage, enhance our reputation and promote our long term success, thus providing a stable base for ongoing customer and employee satisfaction.

All management, staff and subcontractors are informed of this quality policy and of their responsibility to comply with the requirements of our Management System.

Contract Specific Requirements

-
- Safety Overview
 - ZERO TOLERANCE
 - PPE REQUIREMENTS
 - DRUG & ALCHOL TESTING
 - SAFE WORK METHOD STATEMENTS
 - EMERGENCY PROCEDURES
 - FATIGUE MANAGEMENT
 - PLANT & EQUIPMENT
 - DAILY SAFETY BRIEFINGS
 - REPORTING INCIDENTS / NEAR MISSES /ACCIDENTS
 - SITE RULES
 - PROLINE ONLINE INDUCTION

Contract Specific Requirements

The following Safety specific items have been highlighted only and do not form part of your entire safety responsibilities under the WHS Act 2011, WHS Reg 2017, Codes of Practice, Australian Standards and other relevant requirements such as required.

- **ZERO TOLERANCE**
 - FAILURE TO ABIDE BY THE SITE SAFETY RULES, WILL RESULT IN REMOVAL OFF SITE.

Contract Specific Requirements

```

WORKS CAN NOT COMMENCE ON SITE WITHOUT A Proline Supervisor

DO NOT START UNTIL APPROVED BY Proline Supervisor

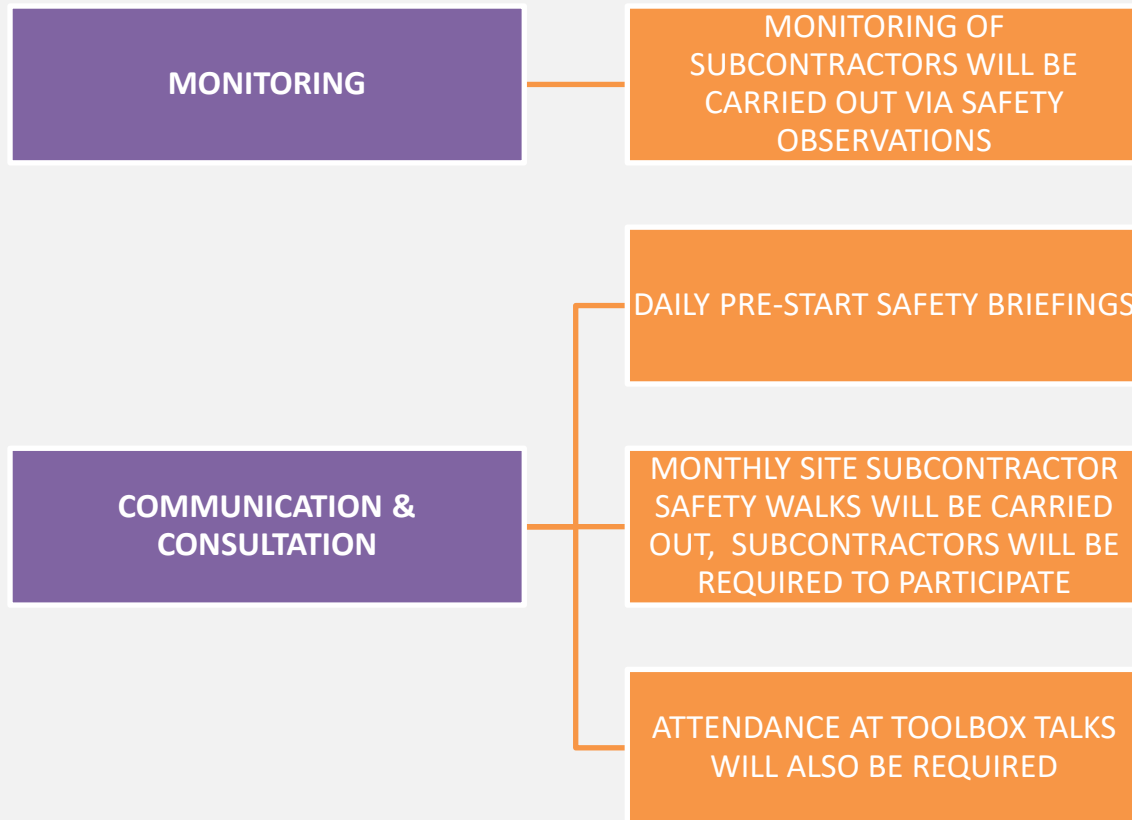

Contract Specific Requirements

SAFE WORK METHOD STATEMENTS

ARE REQUIRED FOR THIS PROJECT

- ARE REQUIRED TO BE **SITE SPECIFIC**
- ARE REQUIRED TO BE APPROVED BY PROLINE HEAD OFFICE, BEFORE STARTING ON SITE
- ARE REQUIRED TO BE REVIEWED PERDIOCALLY ON SITE

Contract Specific Requirements

Contract Specific Requirements

1. Scope of Works

The scope of works comprise of removal and replacement of the door trolleys at Hangar 131
191 245 271

2. Hours of Work / Personnel

This project will mainly 0700 to 1700 Monday to Friday and 800 to 1200 Saturday.

Staff Numbers– generally staff numbers will be under 7 person/s per shift

3. Deliveries / Car parking / Amenities / Workers Movements

On approval by
Supervisor only

The site (workarea) will be closed to Qantas Personnel.

Deliveries are permitted via Gate Charlie

The Site Office will be located within construction utes

The Amenities ie, Lunch Room, Change Room and Toilets will be Qantas Amenities

Carparking – within the existing hangar

AID

(SIGNS ARE POSTED IN SHEDS TO
REMIND YOU)

EMERGENCY TRAINING – Procedures

If a **Fire or Explosion** happens then

TELL THE SITE SUPERVISOR

Go and find the *Fire Extinguisher*

Look at what type of fire it is

Look at the type of extinguisher

EMERGENCY TRAINING – Fire or Explosions

Types of Fire Extinguishers:

<https://www.youtube.com/watch?v=Lq-n2-31kiA>

How to use a Fire Extinguisher:

<https://www.youtube.com/watch?v=41QhZiCRDa>

EMERGENCY TRAINING – Procedures **Bush Fire/s**

If a bush fire warning has been issued

Tell the Site Supervisor

Prepare the site (if time permits) & evacuate

Click on the link to watch the video:

https://www.youtube.com/watch?v=L6qY_09iMSY&list=PLsPV0dZ3LN6fRFT8Vkf8reg5Og4I7gHpW

Things to remember:

- * Be weather alert
- * Check Site Fences are secured
- * Remove shade cloth from fences
- * Tools packed away in utes for removal off site
- * Materials anchored down

LEAVE WHEN INSTRUCTED BY EMERGENCY PERSONNEL

EMERGENCY TRAINING – Procedures Chemical Spills

If a spill happens

Tell the Site Supervisor
Go and find the Spill Kit

Commence cleaning / containing
Click on the link to watch the video:

https://www.youtube.com/watch?v=Y26_RzQaOvg

EMERGENCY TRAINING – Procedures Severe Storms / Winds

If a storm warning has been issued

Tell the Site Supervisor

Start preparing the Site for Storm Readiness

Click on the link to watch the video:

https://www.youtube.com/watch?v=Y26_RzQaOvg

Things to remember:

- * Be weather alert
- * Check Site Fences are secured
- * Check Shade cloth
- * Tools packed away
- * Materials anchored down
- * Stockpiles covered
- * Stormwater drains are clear of debris

EMERGENCY TRAINING – Procedures Flooded Roads

If a rains have occurred and flood warnings have been issued

Getting to / from work / home could see your normal route
result in flooded roads

Click on the link to watch the video:

<https://www.youtube.com/watch?v=TbVoqdx05WQ>

Things to remember:

- * Be weather alert
- * **Never drive through flooded waters**
- * Turn around – find another route or wait

EMERGENCY TRAINING – Procedures Medical Emergencies

If a medical emergency occurs:

TELL THE SITE SUPERVISOR

Go and find the First Aid Kit

Click on the link to watch the video/s:

<https://www.youtube.com/watch?v=gn6xt1ca8A0>

<https://www.youtube.com/watch?v=ea1RJUOiNfQ>

Things to remember: DR ABC

- * Danger
- * Response
- * Airway
- * Breathing
- * Circulation

EMERGENCY TRAINING – Procedures

Plant Emergencies (Crane Collapse)

If a plant emergency occurs:

TELL THE SITE SUPERVISOR

Evacuate all from the area
Call Emergency Services 000

Things to remember:
Secure the area

EMERGENCY TRAINING – Procedures

Plant Emergencies (EWP Collapse / Fall)

If a plant emergency occurs:

TELL THE SITE SUPERVISOR

Evacuate all from the area
Call Emergency Services 000

Things to remember:

Secure the area

**Assess the worker – enact safety harness rescue
plan if required**

EMERGENCY TRAINING – Procedures

Safety Harness

Rescue Plan

If a plant emergency occurs:

TELL THE SITE SUPERVISOR

Evacuate all from the area

Call Emergency Services 000

Click to watch the clip

<https://www.youtube.com/watch?v=gC4aoCrrG4E>

Things to remember:

Platform Ladders can access worker

Other EWP's on site to access worker

Aiding worker top priority

CRITICAL INCIDENT PROCEDURE

Critical Incident Management Procedure

Who	Immediate Response	Short term Response 24-72hrs	Long term Response - + 72hrs
First on the scene	Assist injured – do not move unless in danger Call first aider Notify Site Supervisor Be available to direct emergency services	Complete Incident Investigation report Attend debriefing session	Attend ongoing debriefing sessions with professionals if required
Qualified First Aider	Assist injured – do not move unless in danger Apply first aid	Complete Incident Investigation report Attend debriefing session	Attend ongoing debriefing sessions with professionals if required
Site Supervisor	Call emergency services Assist where required Isolate area / cordon off	Complete Incident Investigation Report Attend debriefing session	Attend ongoing debriefing sessions with professionals if required Ongoing support for injured party or family
Project Manager	Notify Systems Manager, if on site, provide assistance where required	Complete Incident Investigation Report	Ongoing support for injured party or family
Systems Manager	In the case of serious injury or fatality contact Safework immediately 131050 Notify General Manager and Managing Director	Contact injured parties or family Keep in contact with those involved, monitor behavior Organise debriefing session with professional support	Ongoing support for injured party or family Provide professional support Implement Return to Work Program Funerals – arrange appropriate support for staff to attend, tributes, condolences to families Recognition of anniversaries
General Manager	Notify next of kin	Contact Insurance company Contact injured parties or family Keep in contact with those involved, monitor behavior Attend debriefing session	Ongoing support for injured party or family Completion of insurance forms / Ensure Return to Work Program has been established and implemented Letter of thanks to emergency services, acknowledgement of service Funerals – arrange appropriate support for staff to attend, tributes, condolences to families Recognition of anniversaries
Managing Director	Notify next of kin	Contact Insurance company Contact injured parties or family Keep in contact with those involved, monitor behavior Attend debriefing session	Ongoing support for injury party or family Liaise with external authorities as required ie police, Safework as needed Funerals – arrange appropriate support for staff to attend, tributes, condolences to families Recognition of anniversaries

This Project has
specific

Site Requirements

SITE RULES

- **A FULL DETAILED LIST IS LOCATED WITHIN THE PROJECT SITE SPECIFIC SAFETY MANAGEMENT PLAN.**
YOU WILL BE DISMISSED FROM SITE WITHOUT WARNING IF YOU DO THE FOLLOWING:
 - **URINATING** – or defecating anywhere other than the toilets provided
 - **THEFT** – stealing anything from site in which you may be working
 - **REMOVAL** – of handrails, guardrails , toeboards or fences without authority
 - **FIGHTING** – will not be tolerated on the project
 - **REFUSING** – to comply with safety instructions, rules or regulations
 - **INTERFERING, DAMAGING OR VANDALISING** – any safety equipment or amenities
 - **ANY** – other serious breach of Health & Safety Rules and Regulations (As deemed by Proline's Project Manager)
 - **ALCOHOL & DRUGS** - attending site under the influence of alcohol or drugs

Site Requirements

Elevated Working Platforms (EWP'S)

BEFORE AN EWP / BOOM / SCISSOR ETC IS PERMITTED ON SITE THE FOLLOWING NEEDS TO SUBMITTED TO PROLINE FOR REVIEW

- **History of Servicing**
- Copy of the Daily logbook / checklist
- **Copy of the Operator's License**
- Copy of the associated SWMS

A full list of requirements are included within your Contract, if you are unsure please contact Michelle Murphy Proline Systems Manager Ph: 97431500

DO NOT OPERATE AN EWP OR OTHER TYPE MACHINE IF UNLICENCED OR TRAINED.

TOOL SAFETY

TOOLS & EQUIPMENT

**TOOLS & EQUIPMENT MUST BE CHECKED
PRIOR TO USE**

**ELECTRICAL TOOLS TO BE TAGGED PRIOR
TO USE**

**ENSURE GUARDS ARE IN PLACE AND
EQUIPMENT IN GOOD WORKING ORDER**

**DO NOT USE EQUIPMENT THAT YOU ARE
UNFAMILIAR OR UNTRAINED ON.**

SEE SITE SUPERVISOR FOR INSTRUCTIONS

Site Requirements

PLATFORM LADDERS

**MUST BE USED AT ALL TIMES UNLESS
APPROVED BY THE SITE SUPERVISOR**

Ensure ladder in good working order.

Ensure setup on stable base.

**Ladder Safety – maintain 3 points of
contact at all times.**

Site Requirements

Mobile Scaffold

TO BE ERECTED BY COMPETENT PERSON FOR **UNDER 4M**, FOLLOWING MANUFACTURER'S INSTRUCTION

MID RAILS / HAND RAILS / TOE BOARDS TO BE INSTALLED

LADDER ACCESS REQUIRED

EXCLUSION ZONE SETUP AROUND

WARNING SIGNAGE INSTALLED

TOOL SAFETY TO BE MAINTAINED

MANUAL HANDLING OF MATERIALS TO BE USED

SEE SITE SUPERVISOR FOR INSTRUCTIONS

ONLY LICENCED SCAFFOLDERS CAN ERECT SCAFFOLD OVER 4M.

Site Requirements

TOOL SAFETY WORKING AT HEIGHTS

**TOOLS & EQUIPMENT MUST BE
CHECKED PRIOR TO USE**

TOOLS **MUST BE SECURED WHEN
WORKING AT HEIGHTS**

ENSURE TOOLS CLIPPED TO TOOL BELT

**OR TIED TO A BUCKET WITH LANYARDS
TO PREVENT FALLING**

**TOOLS FALLING FROM HEIGHTS
CAN SERIOUSLY INJURE PERSON/S BELOW**

Site Requirements

Working in Temporary Fenced / Hoarding or Barricaded Areas

**ANY TEMP FENCE / BARRICADE MUST BE
MAINTAINED AT ALL TIMES**

**ALL WORKS MUST BE CARRIED OUT IN A
SECURED / IDENTIFIABLE BARRICADED AREA**

**GATES / DOORS TO BE REMAIN CLOSED AT ALL
TIMES, UNLESS MANNED DURING DELIVERIES**

**IF DAMAGED HAS OCCURRED TO FENCE,
HOARDING OR BARRICADE, REPORT IT
IMMEDIATELY**

IF IT HAS FALLEN OVER – PICK IT UP

HOUSE KEEPING

CLEANING UP

Must clean your workzone periodically throughout the shift and on completion of the shift

You must ensure all debris, dust is cleaned before the end of the shift **(NO DUST, DEBRIS OR RUBBISH IS TO ENTER ANY PUBLIC AREA)**

PACKING MATERIALS / EQUIPMENT AWAY

YOU MUST PACK AWAY TOOLS & EQUIPMENT & IS LEFT SECURE IN A LOCKABLE SITE BOX WITHIN A STORAGE OR HOARDED AREA

YOU MUST STOCKPILE ANY MATERIALS IN A SAFE MANNER WITHIN A LOCKABLE SECURE BOX WITHIN THE STORAGE OR HOARDED AREAS

YOU MUST ENSURE RUBBISH REMOVAL IS TO BE COVERED ARE SECURED DURING

ONLINE EDUCATION ARO/WSO REFRESHER COURSE

Contract Specific Requirements

- WORKS CAN NOT COMMENCE
 - AIRSIDE WITHOUT A WSO OFFICER
 - (Works Safety Officer)
-
- INCLUDING WORKS ON:
 - = AREO BRIDGES
 - = STERILE AREAS
 - = AIRSIDE WHERE REQUIRED

ONLINE EDUCATION ARO/WSO REFRESHER COURSE

Contract
Specific
Requirements

- DRIVING AIR SIDE
- YOU ARE NOT PERMITTED TO DRIVE AIRSIDE WITHOUT AN ESCORT UNLESS YOU HOLD A VALID ADA

Contract Specific Requirements

PEDESTRIAN ACCESS

**ONLY USE DESIGNATED
ACCESS PATHS ONLY.**

**PARK IN DESIGNATED
CARPARKING SPOTS ONLY.**

You are being watched!!

Security Controlled Environment

- ASIC Cards
- Visitor ASIC Passes..... **You must not leave the side of a Red ASIC Card Holder**

All person/s are to sign in and out of the visitor register daily / per shift.

Visitors / workers who attend airside of this project, must not leave the area without an escort from a red ASIC card holder. Area/s outside this area are patrolled by federally funded Security officers and the federal police, this includes smoking area/s and the canteen on the Jetbase.

ALL PERSONNEL MUST DISPLAY THEIR CURRENT AIRPORT ASIC OR EVC AT ALL TIMES. EVC'S MUST BE RETURNED TO SECURITY AT THE COMPLETION OF THE WORKS.

CONSTRUCTION HAZARDS ON SITE

MAJOR HAZARDS & CONTROLS ON THIS PROJECT:

(Refer to the Project
Hazard /Risk Register
Doc No: OHS038 in
SSMP AND

CONSTRUCTION
HAZARD LOG

Located within the
SSSMP

STOP WORK PROCEDURE

If any damage starts to occur or if encountered suspected hazardous substance ie asbestos / lead / pfas :

TEMPORARY STOP WORK PROCEDURE

1. Works causing damage to structure / adjoining structures OR suspected hazardous substance encountered.
2. **STOP Works**
3. Notify Site Manger / Proline Supervisor
4. The Proline Supervisor / Foreman will inspected the area / cordon off area for further inspection.
5. Proline Project Manager to notify Client
6. Inspection and direction from Client or Consultant

General Construction Hazards

NOISE

**NOISY WORKS CAN ONLY BE CARRIED
OUT 7AM TO 5PM
CHECK WITH SUPERVISOR**

ANY NOISY WORKS

**PPE MUST BE WORN – HEARING
PROTECTION, GLOVES ETC**

General Construction Hazards

DUST

DUST MINIMISATION MUST BE CARRIED OUT ON SITE.

WIPE BOOTS ON MATS BEFORE LEAVING ENCLOSED AREAS TO MINIMISE DUST TRANSFER

VACCUM / SWEEP REGULARY TO CLEAR DUST

PPE MUST BE WORN DURING DUSTY WORKS – DUST MASK, RESPIRATOR EYE PROTECTION

General Construction Hazards

ELECTRICAL HAZARDS

NO LIVE WORKS PERMITTED ON SITE

ENSURE ALL ELECTRICAL POWER POINTS ETC HAVE BEEN ISOLATED OR ARE DISCONNECTED PRIOR TO STARTING WORKS.

ANY ELECTRICAL WORKS BY LICENCED PERSON ONLY.

PPE MUST BE WORN DURING ELECTRICAL WORKS

General Construction Hazards

FALL HAZARDS

WORKING AT HEIGHTS

ANY PERSON WORKING AT HEIGHTS

- YOU MUST HAVE ADEQUATE REST BETWEEN SHIFTS
- SEE Proline Supervisor FOR FURTHER FATIGUE MANAGEMENT INFORMATION

Mental Health / Psychosocial Hazards

Exists within the workplace.

It is Proline's responsibility as far as reasonably practical to ensure all hazards are identified, assessed and controlled. The following hazards have been identified as having a potential effect on a person/s mental health.

- Fatigue
- Stress
- Violence, Bullying or Harassment
- Workload
- Work Environment

***PROLINE IS A
NO BULLY ZONE***

***if you experience
it or see it***

REPORT IT!!

“Ways to prevent Bullying, Violence & Harassment on site”

-
- Regular toolbox and safety talks to air grievances and workshop corrective actions or solutions
 - Provide workers / subcontractors clear instructions for work requests, gain feedback from workers / subcontractors of their understanding of requests made
 - Ongoing communication to workers & subcontractors on program and what's forthcoming on the project to give forewarning
 - Clear and calm communication during quality reviews of workers or subcontractor works and using polite and respectful language if requesting works be rectified or altered
 - Document instructions and request sign off by subcontractors, so all instructions/variations/alterations are clear and understood.

Workers

“Workers dealing with violence/bullying in the workplace should carry out the following”

-
- If you feel safe and comfortable doing this, Speak up early, calmly tell the bully that you object to their behaviour and ask them to stop it. They may not realize the effect their behaviour is having on you or others, and your feedback may give them the opportunity to change their actions.
 - Talk to your Site Supervisor – if the bully is the Site Supervisor, refer to the Project Manager
 - Document the incident, complete an Incident Report Form and issue to the Systems manager for escalation and resolve
 - Take care of yourself outside of work – complete some well being strategies
 - If you see someone else being bullied, Speak Up or Report it to the Site Supervisor or Project Manager.

If you think or suspect some is struggling.... Ask

<https://www.ruok.org.au/how-to-ask>

1. R U OK? be prepared for “No, not really” you don’t need to be a counselor or professionally trained, all you need to do is be there, care and listen!

2. Listening.... It’s super easy to do, *remember it’s not about you!, there is no need to feel uncomfortable.... Remember you are helping someone!!*

3. Encourage Action Suggest a self assessment, recommend talking to their local GP, refer them to various organizations

4. Check In.... back to caring.... Ask them again in a week or so, did they get to taking any action, how do they feel now?

Encourage Action.....

But to where?

Help is out there.....
